

Toddler Curriculum Ages 15 months to 3 years

Practical Life

Skills of daily living

- Care of self: eating properly, washing hands and face, dressing
- Care of the environment: pouring, spooning, carrying a tray, skills that develop fine and gross motor skills
- Grace and courtesy: greeting a friend at arrival, talking softly on circle and work time, joining a friend for snack, proper use of "excuse me," "please" and "thank you"

Sensorial

Exploration of the world through the senses

- Visual: size, shapes and colors
- Auditory: rhythm through clapping, singing and instruments
- Tactile: stereognostic – determining the shape and weight of objects by touching or lifting them – using the mystery bag
- Olfactory: identifying smells
- Gustatory: sweet and sour by tasting foods

Language

The spoken word

- Oral language development: vocabulary and its use informally in sentences, conversation and stories
- Written language: pre-writing and hand preparation (Practical Life and Sensorial)

Math

The concrete

- Linear counting
- Rote counting
- Number to quantity

Enrichment

- Art
- Music
- Movement-perceptual motor development
